SOLUTION**

UCS for LS24X

Benchmark Specifications: Benchmark 2.4 2.40 GHz / 1 year output power 10W

CAWES-2014-001

FC | Federal Communications Commission (FCC) Statement**16.25**

We are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

16.26 (a)

The equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information (SAR)

This device meets the government's requirements for exposure to radio waves. This device is designed and manufactured to meet the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government. The exposure standard applies to both of measurement known as the Specific Absorption Rate, or SAR. The SAR test set by the FCC is 1.6 W/kg. Tests for SAR are conducted using standard operating positions recognized by the FCC with the device transmitting at the specified power level to different channels. The FCC has granted an Equipment Authorization for this device with all required SAR levels evaluated as in compliance with the FCC RF exposure guidelines. SAR information on this device is available with the FCC, and can be found under the Display Screen section of users' to go to the FCC after searching on FCC ID: 2A9924. To ensure that RF exposure levels remain at or below the tested levels, use a fully-charged battery, or similar accessory that maintains a minimum separation distance of 15cm between your body and the device.

Industry Canada (IC) FCC/IC V1.6.0

This device complies with Industry Canada license-exempt FCC standards. Operation is subject to two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference that may be received or that may cause undesired operation.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Radio Frequency (RF) Exposure Information

The calculated output power of the Wireless Device is below the Industry Canada (IC) radio frequency exposure limits. The Wireless Device should be used in such a manner such that the potential for human contact during normal operation is minimized. This device has been evaluated for and shown compliant with the IC Specific Absorption Rate ("SAR") limits when operated in portable exposure conditions.

European CE Notice

Your Cordis product (the "Product") is in conformity with the following essential requirements of Council Directive 2014/53/EU Article 1, 3a, 3.1.8 and 3.1. The Product is manufactured in accordance with Annex I of the above directive.

For the complete CE Declaration of Conformity please refer to the Cordis Systems website: www.cordissystems.com

Operating temperature: The Product is designed to work in temperatures between -20° and 60°C (4° and 100° F).

Charging temperature: Battery charging temperature limits 0° - 40°C (32° - 104°F)

AC/DC Adapters: When charging from a wall outlet, make sure that the plug-in AC/DC adapters meets the following criteria:

Input: 100-240V, 50/60Hz, 4.2A maximum Output: 5VDC, 1A maximum.

Declaration of Conformity (DOC)

The Product is compliant with and adheres to the Bluetooth® Specification 1.1 and has successfully passed all interoperability tests that are specified in the Bluetooth® specification. However, interoperability between the device and other Bluetooth® enabled products is not guaranteed.

Copyright

The contents of the User Guide, including all text, illustrations and drawings are the exclusive intellectual property of Cordis Systems, Inc. (the "Company"), and are protected by copyright laws. They are not in the public domain. Repartial or total reproduction, translation and/or dissemination, without the prior written authorization by the Company are strictly prohibited. Any rights not expressly granted herein are reserved.

WARNING

You are hereby notified that your complete and undivided attention is required when using a communication device (the "Product") while riding. Failure to read potentially hazardous situations could result in accident resulting in serious injury or death.

Cards advises you to take all necessary precautions and remain alert to the traffic, weather and all road conditions. Do not perform parking, lifting or any complex operations while riding. All publications are intended to address factors of capability and should not be construed as encouraging the operation of Card's Product in any manner that is unsafe or prohibited by law.

Exercise of the caution while using this Product and obey of applicable traffic laws. Always ride and use the Product in a safe manner and do not become distracted by the Product while riding. Do not operate the Product if it becomes unsafe to do so.

In some regions exist, the use of mobile communications systems is prohibited or restricted. Check all local, state and federal laws and regulations (the "Laws") that apply to your region before using the Product and be mindful that compliance with all Laws is the user's responsibility. Use the Product in a manner only when used in the manner that such devices are permitted by applicable Law.

No part of the body should come in contact with the antenna during operation of the equipment. Use Product only when safe, and avoid usage at gas stations, fuel depots or around explosives. Do not use hearing aids and medical devices only after consulting a physician or specialist. Make sure to install and mount the Product in a stable manner.

Health Warnings:

Hearing Loss: Mobile devices can cause hearing loss. Employ care and avoid exposure to excessive volume levels that may damage or impair hearing or lead to hearing loss. Permanent hearing loss may occur if Products are used at high volume for prolonged periods.

RF Signals: Most electronic equipment is shielded from RF signals. However, certain electronic equipment may not be shielded against the RF signals emanating from your wireless equipment.

Parasitism: The Health Industry Manufacturers Association recommends that a minimum separation of about six inches (15 cm) be maintained between a mobile phone or wireless device and a pacemaker to avoid potential interference with the pacemaker. Do not carry mobile phones with the functionality of personal medical devices.

Hearing Aids: Some devices may interfere with certain hearing aids. In the event of such interference, you should consult your hearing aid manufacturer to discuss alternatives.

Other Medical Devices: If you carry other personal medical devices, consult the manufacturer of your device and/or your physician to determine if it is adequately shielded from interference caused by external RF energy. Your physician may be able to assist you in obtaining this information.

LIMITED WARRANTY

Subject to the applicable laws and regulations in your jurisdiction, your Product is covered by a **Three Year** limited product warranty from the date of original purchase. Please retain and submit the retail sales receipt and your registration data for proof of purchase.

It is no warranty shall Card be liable for any incidental, special, indirect, punitive, exemplary or consequential damages, whether resulting from the use, misuse, or inability to use this product or from defects in the product, or for any damages whatsoever resulting from the use of the product, whether based in breach of contract, tort (including negligence), product liability or otherwise even if advised of the possibility of such damages. You acknowledge and agree that the limitations set forth above are fundamental elements of this agreement to which you consent and without which the product would not be provided to you absent such limitations. Cards retains the exclusive right to repair or replace (with even or newly refurbished replacement Product) the device or replace or give a refund of the purchase price at its sole discretion. **SEE HOWEY 5962, 61, YOUR STATE AND FEDERAL LAWS WHICH MAY LIMIT SCOPE OF WARRANTY.**

Subject to the aforementioned, Cards hereby represents that this Product is warranted to be free from defects in materials or workmanship. Within the subject period, Cards will, at its sole option, repair or replace any components that fail in normal use, including water damage resulting from normal use of the product. Such repair or replacement will be made at no charge to the customer for parts or labor, provided that the customer shall be responsible for any shipping cost and applicable fees to any official authorities. This warranty does not cover failure due to abuse, misuse, accident, fire or unauthorized alteration or repairs.

This Product is intended to be used only as a communication and entertainment device and should not be employed in any location or jurisdiction where its use is prohibited.

The warranties and remedies contained herein are exclusive and in lieu of all other warranties express, implied or statutory, including any liability arising under any warranty of merchantability or fitness for a particular purpose, statutory or otherwise that Cards specifically disclaims. This warranty gives you specific legal rights which may vary from jurisdiction to jurisdiction. Cards makes no other warranties express or implied beyond those stated specifically herein. This warranty is intended by Cards solely for the original purchaser and is not assignable or transferable to others. Cards assumes no obligation or liability for additional modifications to this warranty unless made in writing and signed by an officer of the company.

Batteries are warranted only if the battery capacity falls below 80% of rated capacity or if the battery develops leakage. Do not store your Product without charging it from time to time for periods in excess of six months, as this may cause irreversible damage to the capacity of your battery. Your warranty will not cover such events.

This warranty also becomes void if: (1) any of the seals on the case or battery are broken or Product or battery shows signs of tampering, (2) the battery is used in equipment other than the equipment for which it was intended, (3) the Product is used in contravention of its intended purpose, (4) the Product was purchased from other sources.

Cards assumes no responsibility resulting from the use of non-Cards components, accessories or devices in conjunction with its Products. Caution: Do not tamper with batteries or there is risk of explosion if battery is replaced by an incorrect type.

Not covered by the warranty

1. Defects or damage resulting from the use of the Product in other than its normal and customary manner.
2. Defects or damage from misuse, accident or neglect.
3. Defects caused by improper operation, maintenance, installation, adjustment or modification of any kind (incl. long term storage without periodic charging of the battery)
4. Products opened, disassembled or repaired by non-authorized parties.
5. Defects or damage due to exposure to excessive temperatures or external impact
6. All plastic surfaces and all other externally exposed parts that are scratched or damaged after purchase.

Definition of Warranty

The device and its accessories are provided "as is" and "as available" without warranty of any kind beyond those stated in the enclosed manual.

Warranty Service

To obtain warranty service, please present the Product, along with your registration number, bill of sale (receipt) at any authorized Service Center or at the store from which you have purchased the Product. To obtain warranty service, contact Carls in product support and obtain an RMA tracking number, or contact your local Carls authorized dealer. Ship securely with enough of the original sales receipt which is required as proof of purchase for warranty repairs. The RMA tracking number should be written on the outside of the package. Send the Product freight charges prepaid, to the Carls address as directed by Carls.

Online purchase confirmations are not accepted for warranty verification. To obtain warranty service, an original or copy of the sales receipt from the original retailer is required. Carls will not replace missing components from online purchase sites.

WARRANTY AND GENERAL RELEASE

By using the Product, you will waive certain legal rights including the right to sue. Please read the following carefully before using the Product.

By using the Product, you are irrevocably releasing, indemnifying from any liability, loss, claim and expense (including attorney fees) and holding Carls harmless for any bodily injuries, harm or death as well as losses or damages to goods, to any vehicles including your own, or to any property or asset that belong to you or to third parties, any of which may result from using the Product under any circumstances or conditions and irrespective of jurisdiction.

1. You, your heirs, legal representatives, successors or assigns, hereby voluntarily and forever release, discharge, indemnify and hold harmless Carls from any and all litigation, claims, debts, demands, actions and liability which may arise, directly or indirectly, from using the Product for any device, you, suffering discomfort, loss, injury, death, damage to or in respect to any person or property however caused, WHATEVER CAUSE, AND WHICH MAY BE ASSERTED AGAINST YOU OR YOURS AT ANY TIME IN THE FUTURE, AND WHICH MAY BE ASSERTED AGAINST YOU OR YOURS AT ANY TIME IN THE FUTURE, to the extent not prohibited by law.

2. You fully understand and assume the risks in using the Product, including risk of negligent acts or omissions by others. All risks for operating the Product are assumed solely by the user of the Product.

3. You confirm that you are physically capable to use the Product and that you have no medical conditions or needs that may interfere upon your ability to do so in a safe manner. You further confirm that you will not consume any alcohol that may affect your alertness or any mind-altering substances, and will not carry, use or consume these substances before or during the use of the Product.

4. You fully acknowledge our warnings and understand that:

a) risks exist in using the Product while in traffic, including but not limited to injury or illness, strains, fractures, partial and/or total paralysis, death or other ailments that could occur or cause disability.

b) these risks may be caused by the negligence of the manufacturer or its agents or any third party involved in the Product.

c) Some risks and dangers may arise from foreseeable or unforeseeable users.

You hereby assume all risks and disengage all responsibility for any loss and/or damage, whether caused in whole or in part by the negligence or other conduct of others, including Carls.

5. By using the Product, you confirm that you have read the release of liability and fully understand and accept its terms and conditions.

Environmental Sustainability

Carls Systems continues to provide the world's best communication systems for groups in motion. Being a sustainable and environmentally friendly organization is our highest priority. The new design process thoroughly analyzes product's potential environmental impact. This is reflected in a product's design, development, manufacturing, and through its disposal.

We strive to make our products environmentally conscious from every perspective, functionality, conserving resources, innovation, and design. Because they can be easily recycled at their end-of-life. To ensure we maintain the Carls eco-friendly process, we encourage our customers to reuse the product after the end of life according to the local environmental regulation.

For these reasons, our products are recognized around the world as environmentally conscious.
